Opportunities to Learn

There's nothing like meeting professionals from all over the state of California to discuss difficulties experienced on our cases and refine our professional skills. Celebration provides many opportunities to train together to develop skills and renew our energy in providing services to families in conflict. Many courses qualify for MCEP and Mental Health continuing education credit.

Something for Everyone. Whether you are new to collaborative or an experienced practitioner courses are available to explore how to enroll clients, how to manage expectations, or build a successful Collaborative Practice. Spend a morning learning the power of non-defensive communication or take two morning classes in Building Teamwork and exploring a streamlined team mediation model. Many more options are available, check the link below to find what suits you.

Getting stuck on cases? Celebration offers opportunities to learn new approaches to difficult circumstances on our cases. Courses will be available to help us understand client's emotions, personality challenges and common values and goals. Sticky issues such as making decisions about the family property and how to help children adjust to the changes in a family. Celebration not only helps us assess Agreement readiness we also learn how to help clients reach agreements that last.

Rejuvenate and Recharge. The Mission Bay Resort and Spa is the perfect setting to have a small group gathering in the evening around the pool or in cozy lounge chairs by an open fire. Enjoy time by the pool, book a massage, or rent a boat or water toys just outside the gates of the hotel. There are paved biking and walking paths around the bay. Bring your family and extend your stay to enjoy all San Diego has to offer like Sea World, Lego Land, or Balboa Park. Enjoy all the places to eat or shop in Old Town or the Gas lamp district. Visit an aircraft carrier at the Midway for a fabulous tour guaranteed to be a hit for all ages.

Dance the Night Away. Mark Hill's live band "No Country for Old Men" will play Saturday night after dinner. Have fun dancing and singing along to popular tunes. The steady beat of the band will get everyone out to boogie.

Connect with Colleagues. The best parts of Celebration is joining with professionals you know and meeting new colleagues. We find we have the same values and skills and we learn from each other as we discuss the challenging clients, circumstances of a particular case, and in being the first thought for a process when a family is in crisis.
